SUMMER SAFETY TIP: With the arrival of summer there will be more recreational driving. This is a good time to review driving safety. Driving within the speed limits, patiently and courteously, will all help to prevent accidents on the roads. Everyone in your car must be properly buckled when the vehicle is moving. Special considerations should be made for the belting up of young children and pamphlets with information for about this can be found in the narthex and at coffee hour. Remember to wear a helmet and good protective gear when on your motor cycle. Never drink and drive. Be sure to take regular refreshment breaks every 1 1/2 to 2 hours when driving long distances. Wishing you safe travels.
